EDUCATION

JAMES MADISON UNIVERSITY (August 2019 - December 2022)

School of Media, Arts, and Design (SMAD)
Bachelor of Science - G.P.A. 3.19

Concentration: Interactive Design
-Minor in Music Industry

Throughout this concentration in interactive design (UX) I have learned the foundations of web design, conducted multiple user-research projects, and worked in teams with other students to design mobile and web based applications and websites. All Interactive Design students are taught Adobe suite applications and are required to learn media history, media and copyright law, and media business.

PROFESSIONAL SKILLS

User Research / CITI Certified

- During the Fall 2021 Semester I took a User Research and Usability testing course. While taking this course I was certified in Human Research by taking the CITI Examination. Our Final Project for this class was a 30 page comprehensive user research project on misinformation on social media

AdobeXD

- During one of my upper level courses, I was taught how to use XD to create prototypes. My team and I designed a local bus app prototype all within XD

Adobe Illustrator

- In my Visual Design Foundations course I learned how to make vector graphics and logos within Adobe Illustrator

HTML5 & CSS Web Coding

- Took 2 courses (SMAD 203 & 307) that taught me the foundations of web design. Created 3 basic websites that featured CSS Grid and HTML5. I Also created a basic Wordpress Portfolio Website and designed multiple sites in other classes with fellow students

Adobe Premiere Pro

- I have produced video content using PremierePro for over 4 years now. The videos I have made and uploaded to YouTube have amassed over 6 million total views

Bootstrap 5

- For my independent project I taught myself how to design websites using Bootstrap 5 during my capstone design course (SMAD 408)

Git/Github

- During my capstone course I learned how to use Git and Github to host my own portfolio site and for working on team projects. All of my projects are hosted on Github

Adobe InDesign

- Created a print brochure for a local non-profit business. All designs and graphics from Illustrator were pieced together with text in InDesign

Canva

- Worked with Canva for over 6 years and have designed hundreds of projects both for school and work using the platform.
